<b>2-YEAR</b>	A postsecondary institution that offers programs of at least 2 but less than 4 years duration. This includes occupational and vocational schools with programs of at least 1800 hours and academic institutions with programs of less than 4 years. This does not include bachelor's degree-granting institutions where the baccalaureate program can be completed in 3 years.
<b>4-YEAR/GRAD</b>	A postsecondary institution that offers programs of at least 4 years duration or one that offers programs at or above the baccalaureate level. This includes schools that offer post baccalaureate certificates only or those that offer graduate programs only. This also includes free-standing medical, law or other first-professional schools.
<b>Alternative High School Equivalency Preparation Program (AHSEPP)</b>	A program of preparation for the High School Equivalency Examination for students 16 to 19 years old as described in Section 100.7(h) of the Regulations of the Commissioner of Education. The number of enrolled students used as the denominator for determining the percentage of students who entered an AHSEPP is the number of students in grades 9-12 and ungraded secondary-level students age 14 or older.
<b>Attendance Rate</b>	Annual Attendance Rate is determined by dividing the school's (or district's) total actual attendance by the total possible attendance for a school year. A school's (or district's) actual attendance is the sum of the number of students in attendance on each day the school (or district's schools) was open during the school year. Possible attendance is the sum of the number of enrolled students who should have been in attendance on each day the school (or schools) was open during the school year. The state's Annual Attendance Rate is a weighted average of all district-level attendance rates. Attendance data are lagged a year because data for the reporting year are reported in October following the close of that reporting year.
<b>Average Class Size</b>	Average Class Size is the total registration in specified classes divided by the number of those classes with registration. Common Branch refers to self-contained classes in Grades 1-6.
<b>CUNY</b>	City University of New York
<b>Completers</b>	Completers are students with a local diploma with or without Regents endorsement or with an Individualized Education Diploma (IEP).
<b>Core Classes</b>	Core Classes are primarily K-6 common branch, English, mathematics, science, social studies, art, music, and foreign languages.
<b>Disability Status</b>	Students with disabilities are those who have been identified as such by the Committee on Special Education and are receiving services under the Individuals with Disabilities Education Act (IDEA). Students with disabilities include those having an intellectual disability; hearing impairment, including deafness; speech or language impairment; visual impairment, including blindness; serious emotional disturbance; orthopedic impairment; autism; traumatic brain injury; developmental delay; other health impairment; specific learning disability; deaf-blindness; or multiple disabilities and who, by reason thereof, receive special education and related services under the IDEA according to an Individualized Education Program (IEP), Individualized Family Service Plan (IFSP), or a services plan.
<b>Dropouts</b>	Dropouts are students in grades 7-12 and ungraded secondary students whose last enrollment record indicated they dropped out of school. The number of enrolled students used as the denominator for determining the percentage of students who dropped out is the number of students in grades 9-12 and ungraded secondary-level students age 14 or older.
<b>Economically Disadvantaged</b>	Economically disadvantaged students are those who participate in, or whose family participates in, economic assistance programs, such as the free or reduced-price lunch programs, Social Security Insurance (SSI), Food Stamps, Foster Care, Refugee Assistance (cash or medical assistance), Earned Income Tax Credit (EITC), Home Energy Assistance Program (HEAP), Safety Net Assistance (SNA),

Bureau of Indian Affairs (BIA), or Family Assistance: Temporary Assistance for Needy Families (TANF). If one student in a family is identified as low income, all students from that household (economic unit) may be identified as low income.

<b>FTE</b>	Full-Time Equivalent is calculated as follows: <ul style="list-style-type: none"><li>• Undergraduates: Full-Time + 1/3 Part-Time</li><li>• Graduates and First Professionals: Full-Time + .4* Part-Time</li></ul>
<b>First-Professional</b>	A student enrolled in any of the following degree programs: Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), Veterinary Medicine (D.V.M.), Audiology, (Au.D.), Nursing Practice (D.N.P.), and Physical Therapy (D.P.N.)
<b>First-Time</b>	An entering freshman who has never attended any college (or other postsecondary institution), aside from college credits earned in high school. Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).
<b>Free and Reduced-Price Lunch (FRPL)</b>	Eligible for Free Lunch and Eligible for Reduced-Price Lunch percentages are determined by dividing the number of approved lunch applicants by the Basic Educational Data System (BEDS) enrollment in full-day Kindergarten through Grade 12.
<b>Full-Time</b>	Undergraduate: A student enrolled for 12 or more semester credits, 12 or more quarter credits, or 24 or more contact hours a week each term. Graduate: A student enrolled for 9 or more semester credits, 9 or more quarter credits, or a student involved in thesis or dissertation preparation that is considered full-time by the institution. First-Professional: As defined by the institution.
<b>Gender</b>	Gender of the student being reported, as identified by the parent/guardian.
<b>Grade Level</b>	Instructional level for the student, as determined by the school district. Pre-Kindergarten counts include half- and full-day students. Students classified by districts as "pre-first" are included in first grade counts. Ungraded students are those assigned to a class that is not organized on the basis of grade grouping and has no standard grade designation. This includes both regular and special classes that have no grade designations. Such a class may contain students of different ages who are identified according to level of performance in one or more areas of instruction, rather than according to grade level or age level. The definition of 'Ungraded' does not include out-of-school youth, preschoolers, or children who are not yet school age. Ungraded Elementary includes ungraded students who are age equivalent to students in Kindergarten through 6th grade. Ungraded Secondary includes ungraded students who are age equivalent to students in 7th through 12th grade.
<b>Graduate Student</b>	A student who holds a bachelor's, first-professional degree, or equivalent, and is taking courses at the postbaccalaureate level. These students may or may not be enrolled in graduate programs (not to include students in first-professional programs).
<b>Graduates</b>	Graduates include students who received a local diploma or a local diploma with Regents endorsement (Regents diploma). All students who received a Regents diploma (with or without Advanced Designation or CTE Endorsement) are included in the number of students with Regents diploma.
<b>High School Completers</b>	High school completers are Graduates plus students who received an Individualized Education Diploma (IEP).
<b>Highly Qualified Teachers</b>	To be Highly Qualified, a teacher must have at least a Bachelor's degree, be certified to teach in the subject area or otherwise in accordance with State standards, and show subject matter competency.

In public schools, a teacher who taught one class outside of the certification area(s) is counted as Highly Qualified provided that 1) the teacher had been determined by the school or district through the HOUSSE process or other state-accepted methods to have demonstrated acceptable subject knowledge and teaching skills and 2) the class in question was not the sole assignment reported. Credit for incidental teaching does not extend beyond a single assignment. Independent of Highly Qualified Teacher status, any assignment for which a teacher did not hold a valid certificate still registers as teaching out of certification.

In charter schools, a teacher is counted as Highly Qualified if the teacher has at least a Bachelor's degree, is certified to teach, and shows subject matter competency. Enabling legislation considers charter school teachers to be certified if they hold any valid teaching certificate. Enabling legislation also permits up to 30 percent (with a maximum of five) of charter school teachers to be without certification and to be considered Highly Qualified if they meet all remaining criteria.

High-poverty and low-poverty schools used for highly qualified teacher categorization are those schools in the upper and lower quartiles, respectively, for percentage of students eligible for a free or reduced-price lunch.
